

Verifying the Functional Hypothesis

Step 1: Copy below the direct summary statement in the bottom of the ABC recording form based on check-offs and notes.

Summary Statement or Hypothesis:				
	During:	When:	Student will:	And then: Therefore the function is to access/escape (circle one):

Step 2: Copy below the indirect summary statement from the FACTS interview with staff, student, and interview with parent/guardian.

Summary Statement or Hypothesis:				
	During:	When:	Student will:	And then: Therefore the function is to access/escape (circle one):

Step 3: Compare the direct and indirect summary statements to formulate the final HYPOTHESIS.

Summary Statement or Hypothesis:				
	During:	When:	Student will:	And then: Therefore the function is to access/escape (circle one):
