

CFN 106 & 107 Present: Next Generation Standards in the Science Classroom

Dr. Maria Grant's Biography

Maria C. Grant, EdD, is an associate professor in secondary education at California State University, Fullerton. She has authored numerous publications centered on science literacy, formative assessment, and reading. Her most recent work focuses on the Common Core State Standards for ELA and includes the following: 1) support for teachers working to implement the 6 Shifts of the CCSS, 2) guidance to move students towards reading more informational text, and 3) support for close reading in the classroom. Additionally, she works with teachers to implement key elements of the new Science Framework, which is the foundational document of the Next Gen Science Standards.
